6th April 2020

Dear Parents

We hope and pray that you all and our Xaverians are keeping in good health and dealing with the present situation with a calm and positive mindset.

As you know because of the government directive and to protect our students the school is closed during this period of lockdown. We sincerely hope that the situation normalizes soon.

We also hope to make up for the lost work by taking up measures such as online classes, we are currently exploring possibilities of platforms such as PPTs and videos on YouTube, Zoom, Microsoft Teams and we assure you that we will leave no stone unturned to cope up with the current crisis. Apart from this we also will not hesitate to make summer holidays or Saturday working if need be.

Education is the most important part of ones lives and we at St Xaviers understand and appreciate it the most.

We would also like to bring to your notice that our teachers and support staff are working continuously for our students and we are thankful to them.

Regards

Management

St. Xavier's High School Ghaziabad
